Summary

- Half day course
- **FREE** with any of the HSE / OFSTED approved First Aid courses
- Certification valid for 12 months

Course Description

This course builds on Primary Care skills to demonstrate the safe use of an Automated External Defibrillator (AED) in an emergency situation. AED use courses can also be included on your Annual Skills Refresher courses.

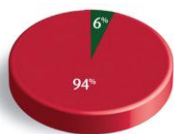

This life saving electronic device can increase a patient's chance of survival from a cardiac arrest.

Course Topics:

- Basic principles of Primary Care (CPR)
- CPR Skills Review
- What is Defibrillation?
- When should an AED be used & how they work
- How to deploy and use an AED
- Adult & Child usage
- Safety Considerations
