## Summary

- 1 day course
- Certification valid for 2 years

## Course Description

The Care for Children course teaches you how to provide emergency care for the injured or ill child. By introducing knowledge and skills in simple steps, participants find it easy to remember and use appropriate emergency care procedures when faced with a child in need.

It is designed for those who are likely to have to respond to child emergencies, such as parents, grandparents and even babysitters.

The course may also be integrated with the Primary and Secondary Care course for individuals who want to be better prepared to care for people of all ages in a variety of circumstances.

## Skills:

- Scene Safety Assessment
- Barrier use
- Primary Assessment
- Child CPR
- Infant CPR
- Conscious Choking Child
- Conscious Choking Infant
- Serous Bleeding Management
- Shock Management
- Spinal Injury Management
- Injury Assessment
- Bandaging
- Illness Assessment
